Social Worker's Report

Greetings dear Sponsor,

Hope your kind heart is tied with the beauty of spring, and happy Norouz to you. We are glad to let you know that Sajjad is doing well both physically and spiritually. Because of your support, he is focusing on his studies with peace of mind. It seems that Sajjad's weight is congenital, and he controls it by keeping a healthy diet. He is very motivated in photography which he learned on his own. He is very active in the tourism industry, too. Sajjad considers his uncle's wife as his mother as she is very supportive of him. Due to the pandemic in Iran, his school was shut down and we cannot provide you with his report card at this time. We will send you the report cards of both semesters next time. His living and educational needs are covered with your generous support. We are very appreciative and grateful of you. With your generosity, you are giving him peace and ease in his life to study well.
